Dr. Shuichi Ozawa, Japan

To: **Erick Hernández – ALFIM 2025 Congress President**  
**Patricia Mora – ALFIM President**

5 February 2025

### **Re: CPD Accreditation of 2025 ALFIM Conference**

Thank you for your application to have the abovementioned conference and workshop CPD accredited.

We have carefully assessed your application and have decided to accredit the conference with a total of **30 CPD (Thirty)** points in Category 1.

The concept of CPD is related to knowledge, skill and competence acquired during lifelong learning. The outcome of CPD should lead to an improvement in professional practice. We are confident that your conference will equip all participants to do this – your proposed speaker list contains a number of fantastic experts!

May I remind you that following the conference, according to the guidelines, you are requested to send a report to the IOMP Accreditation Board summarizing the main points of the activity, as well as its strengths and limitations. The names of all participants to receive credits and the number of credits for each participant must also be included in the report.

Yours sincerely,

*Arun Chougule*
